10th Season at Halls

A BIG HELLO

Another season comes to an end, and a significant end that it is, marking our 100th Year. And first, a thank you to you, and everyone else involved.

It was fantastic to end the season with 5 cup finals and a senior promotion, which always gives a season more meaning with a great day out to celebrate... and we enjoyed every minute!

It is everyone's wish to make next season even better. On and off the pitch. We want to see more teams achieving B and A division football, every team playing attacking football from the back, and to realise our biggest dream of all, rehoming ourselves at Atlas Park in our new Sports Estate.

Ultimately, the aim of the season was to have fun and for everyone involved to improve in their roles. I think it is safe to say that target has been met and then some. Through the collective efforts of the parents, coaches and of those at Halls that work miracles behind the scenes, we have had the privilege of watching the players have fun, develop as individuals and most importantly as a team.

As a result of such efforts, we can now look forward to taking on the challenge of 7-a-side football next season with an excellent group of under 9 players.

A final big thanks to everyone involved this season from our under 6 and under 7 players to all the parents for their involvement. Splitting this group in the summer into under 7s, under 8s and under 9s, with two new managers, is very exciting!

A great first season with Halls. The boys have played some outstanding football and have had some great results scoring over 60 goals! With only a few points off the league winners, reaching a shield final. I am so proud of these boys and love watching each and everyone of them grow in to great footballers.

Daniel Brett is by far one of the best goal keepers in our league. He has made some amazing saves this season keeping us in games. The feed back I get from other team managers and parents on match days are always positive and they are always commenting on his outstanding performance. Great season Dan, Well done! Feranmi Dere has come along way this season, always giving it his best shot no matter what position he plays. Always works hard in training and shows willing. Well done Fem! Max Ayrton-Jones is known as 'Tank' for a reason as he ploughs through the players, showing great tackles and some fantastic runs. What a great season Max, keep up the hard work Tank, Well done! Alex Taylor has made some timing tackles this season and showed some great performances this season. You area great member of the team and a pleasure to coach. Well done! Joshua Post football ability has gone from strength to strength this season and always shows great determination on and off the pitch. Well done Josh! Liam Hyde has had yet another outstanding season showing some great tackles and quality displays. Always shows willing on and off the pitch. Well done! Lennon Openshaw has shown some great passing ability this season from midfield with some uncountable assist. Topped off with a few nice goals and a super vice captain. A great season Len, Well done! Joseph Harris has done a fantastic job as captain this season, producing great midfield displays, scoring some fantastic goals and playing a big part of the team. Well done Joseph! Vinny Bain is a remarkable player and without a doubt one of the best strikers in our league scoring 25+ goals this season with both feet. He even still wants to score goals when the goals are being packed away. A fantastic season Vinny! Keep up the hard work and keep scoring. Tise Aldo-Adejumo, well, where do I start! He is such a great character to the team. Always showing dedication on match days and destroying other team defence. He is so quick that no other player can keep up with him, without a doubt he is everywhere on the field. He has played in all positions this season including in goal as a last minute back up which got us in to the final. Well done Tise, the team wouldn't be the same without you. Frankie Smith has yet had another strong season showing great skills and ruling the midfield. Has scored some quality goals and is a great team member. Well done Frankie! Kieren Clark has most certainly strengthened our squad since he has joined us making a massive difference to the team. He has had a fantastic first season with us terrorising other teams. Has scored many outstanding goals with a 'goal of the season' on his first debut. Keep up the good football. Well done Kieren!

Probably the most disappointing season managing this team.. never really got going as a team and could not put together any run of results. That being said there have been some great moments, the highlight being a terrific 4-0 win over Crayford Arrows... we have had lots of injuries this year and never been able to put out a full squad..As always the boys are a pleasure to coach (most of the time!). Looking forward to next season. Come on you Blues! ⚽👏⚽

Devon Syrett - improved throughout the season making some great saves, especially in our 4-0 against Crayford. James Walker - utility player. Played everywhere on the pitch this season and had his best goalscoring season to date Max Lewis - improved on last season, as always making some great tackles throughout the season. Good partnership formed with Louie. Louie Driver - our Captain marvel, excellent communicator and leads by example. Lucas Jones - good season in midfield, making some great defence splitting passes and always gives his all. Thomas Parker - had some outstanding games this year, turning defence into attack with a good range passing. Thomas Lawrence - playing a year up and has really come on as player over the course of the season. Scored a cracking half volley lob in our last game of season! Lance Jenkinson - plagued by persistent knee injury but has come back into the team and his skill and pace is a positive for the team when fit.

Aiden Lewis - another player missed a few games through injury and illness but a great end to the season with ability to play in multiple positions. Eric Lloyd - unfortunately missed nearly all of the season with Krohns. Get well Eric!! Daiton Allen - first full season in the team and has been a great addition to the squad. Settled in very well and scored a few great goals. Alfie Albury - skillful player who had a great end to the season, creating some great chances and started scoring again. Riley O'donnell - turning into a great little winger, defensive side of his play has come on loads throughout the season, scoring some good goals along the way. Alfie Byrne - great season for Alfie scoring the vast majority of our goals!! Unfortunately Alfie has decided to leave for pastures new..Good luck Alfie B Martin Aigbogym - newest signing, only played handful of games but already seeing improvements and looking to a good season from him next year.

Well, what a difference one season can have on a squad. This team has gone from only winning TWO games last season to narrowly missing out on 2nd place by TWO points. This year has been a remarkable turn around and a real credit to the players that stuck with it after last season catastrophic year of football. We recruited really well and all the new boys have had a major impact on this successful year. Really proud of these bunch of boys and have big ambitions for a league trophy next season!

A special mention for your Team Captain

Oakley in his second season as captain has grown into the role. His confidence in leading a warm up and ensuring the players are focused onto the game has been excellent. He leads through his own performance and never offers anything less than 100% and that rubs off on the squad.

Goal of the Season?

My memory is awful and I'm sure I will get called out of picking the wrong one. Lewis Rodwell scoring a 30 yard free kick to level the game (which we went on to win)

Save of the Season?

Jason with one of the best saves in grassroots football and that was clapped by all parents. From 10 yards out the striker smashed the ball into the top right but Jason has other ideas and leaped like a cat and clawed the ball out!

Best memory of the season? Or most memorable game?

Being the only team to beat Belverdere (who went on to win the league) at their ground. There was not one stand out performance but a real team effort with every single player playing out of their skin. My proudest moment of the year.

Jason Smith - He has improved leaps and bounds this season and has saved us so many goals. One big improvement has been his kicking from both goal kicks and hands. Lewis Dampier - Played left back up until around Christmas and was then moved to centre back. Since then he has been a monster and really developed into a great player. Aaron Davis - Signed at the start of the season and fitted really well into the squad. A wand of a left which has been evident with many assists from his corners. Oakley O'Carroll - Skipper for the second season and has led with his consistent performances. He has not only lead in matches but lead many of the warm ups in training! Leader of men. Blake Thomas - Cool as a cucumber, nothing ever fazes Blake whether it be a striker running at him at full pace or passing his way out on the goal line. Adds composure and quality from the back. Conor George - Solid season playing in right back and moving into a new position centre of the park. He has excelled in his new position and developed to be one of our key ball players this year. Kaden Anand - Goes about his job quietly on a Sunday but is so effective in the role that he plays in the team. Kaden positioning has been excellent and always finds himself in the correct position to win the ball. Charlie Tracey - One word to describe him is a winner. Playing all season in the centre of the park he has been our driving force both going forwards and back. There have been games where is quality had single handily won the game. Matthew Allen - Stop start season for Matt with his injuries. After getting over them he has started to play some of his best football since joining its a shame the season is finishing for him. Should have had goal of the season had it not been for a dodgy lino! Gervaise Williams - Another player who has found himself in a new position at right back. Attitude has been great to the change of position and has be dedicated to learn the role. Callum Mills - For a player one year below everyone else Callum has had a great 2nd half of the season. He confidence has gone from strength to strength and that has been noticeable within his game. Season highlight HATRICK!! Harry Soloman - This has been Harry's best season in a Halls shirt. Playing in the attacking mid role he has been our link up man whether it be through headers or he unbelievable flicks. Mr Link Up. Jack Aldred - Mr Aldred returned to the club after realising Halls is the best place in the world. What an impact he has had with 22 goals in 14 games and the man has lost not an ounce of his work rate. Goal machine. Freddie Arawande -- Freddie has improved on his debut season with Halls. Finding his feet out on the left and right wing and his last game of the season was his best earning him a spot in Team of the Week. Lets see this form all next season. Lewis Rodwell - 29 goals in 16 games, the record speaks for its self! Something we lacked last season and Lewis has provided that. For his debut season he has scored some absolute screamers!

We started the season really well, but injuries to key players became an issue. On our day and with a full squad we were are a match for any team, as proven with a good cup run and an end of season Shield victory in the final. Some of the football we have played this season has been exceptional. Looking ahead we have already made signings to strengthen the squad and we have high hopes for next season.

Save of the Season?

Teddy Rickwood- V Dartford

Best memory of the season? Or most memorable game?
Shield Final- great all round team performance when it mattered..

A NOTE FROM DYLAN OUR COACH

The moral within the squad this year is one of the best I have seen in football for a long time. They have worked extremely hard this year during training and games, and been rewarded with big results. Hopefully next season with the addition of a couple of new players we will be in the running for the league!

Teddy Rickwood- outstanding season especially at the back end when the big games came along, without doubt THE best keeper in the league. His all round game has improved immensely and a vital member of the team. Alfie Blundell- Alfie has again moved on to a higher level this season. He hit an amazing purple patch in the middle of the season when he scored some amazing goals, unfortunately injuries limited his appearances but he finished the season strongly. Joshua Briggs- The start of the season saw he last just 11 minutes when he suffered a broken nose, following surgery he suffered a back injury. Out for most of the 1st half of the season, but he returned stronger and better. Without doubt the most talked about player in this league. Great attitude great young man. Luca constantino- A great squad player who has filled in at Right back, midfield and striker this season. He never complains and above all he never lets you down!! Great attitude and a pleasure to have around. Freddie Mahoney-

The joker in the pack, and on his day a super player. Scorer of some vital goals this season in big games, including the opener in the final with a super header. Great to have around and a pleasure to coach. Zack Manning- captain marvel... and what a captain he had been this season!! Great commitment great work rate great leader!!!! Moved up to midfield this season and one of the reasons the team have done so well. Josh Matthews- signed at Christmas to fill in of all the injuries and has never let me down. Always 1st at training with a great hunger to learn. Has improved immensely this season, great to have around. Oliver Moore- Ollie has struggled with confidence this season and not shown his true undoubted ability. However he can not be faulted for attitude and commitment. Olurotimi Oke- Timi was signed after Christmas and what an impact he made scoring for fun. Good strong forward who put the fear of god into defenders. Good addition to the squad. Kurtis Pennell- Kurtis has established himself as a solid defender and improved his game to another level this season! Fearless strong competitor and unlike his dad never late in a tackle!!! Oscar Potter- another late signing, and after a shaky start turn his performances around especially in the final. Nadir Rouabhi- Has had a superb season playing in the holding role. Great at breaking play up and quick to join . Great attitude and always looking to improve his game. Lewis Senner- The heartbeat of the team, at the centre of everything and makes things happen. Lewis never gives and motivates the team. A pleasure to coach. Carter Thumwood- turned into a proper defender. The only player to have played every minute of every game this season. Always there to put in a crunching tackle when it's needed!!!! Maobi Uhunna- Maobi has improved no end this season and has always been available when needed. Scored a vital winner in the shield to get us to the final. Jack Briggs- Had had an indifferent season , starting off really strongly at centre half, but had been suffering with injury since the new year. Came back for the last 4-5 games of the season and what an impact he made! Started as centre forward in the final and absolutely terrorised their back line. Great to have around. Ben Aldred- Top goal scorer this season despite missing half the season through injury and his cricket commitment. Great to have around... top player!!!

Goal of the Season?

Equaliser v Lewisham Youth in the cup. A goal from back to front, starting with a roll out from Alfie, and finishing with a tap-in in the box.

Save of the Season?

More like performance of the season... against Danson Sports. Two amazing one on ones followed up with a penalty save, which gave us our first win.

Big expectations led into this season off the back of a good end to the previous year. We aimed big, and achieved promotion to the Premier Division, won one cup and finished runners-up in another. We enjoyed a 15 match unbeaten run, and took more points off the top 4 than any other team. We earned every bit of our success this season, with a big handful of new players joining us alongside some fresh 16 year olds... we can all be very proud. Bring on the Premier League next season!

We have enjoyed sharing around the armband since the new year, but I was particularly proud to see Kyle Norman leading the team out for both cup finals.

GOAL OF THE SEASON?

Tommy Carter's last minute winning freekick v Swanley Oaks. Knew the wall would jump, and slotted it in the bottom corner... intelligent, cocky, Class!

SAVE OF THE SEASON?

0-0 v Malgo away - a good cross through the box saw a deflection making its way into the bottom corner... and DD scooped it out of the net, and then saved the ricochet straight back at him. Class!

BEST MEMORY OF THE SEASON? OR MOST MEMORABLE GAME?

APM Rangers at home in the night game. We were sensational. Short ball out the back, quick zippy football through the midfield, and lots of forward runs and shots. 4-0 was a let off for APM. This performance is everything we want to be, every match... And we have had plenty of good games!

A SPECIAL MENTION FOR YOUR TEAM CAPTAIN

Ollie has had an excellent season as skipper. He is a winner and his desire to drag the team through many of the tough games just shows his influence he has. He has brought the club together with another fantastic club tour and his outrageous shot drinking videos. Super Skip

GOAL OF THE SEASON?

The goal that put us ahead after going a goal down against our arch rivals. Ball was won back in the defending third a lovely switched ball to Lewis who drove and beat his man. Billy made a blister run outside and was played the ball, his one two then split the defence and got him in behind the defence to then cut back with Dave dumbying the ball. The ball left to Luca to smash it first time into the top corner! 3-1 WIN

SAVE OF THE SEASON?

Has to be the penalty save against Stansfeld in the semi final penalty shootout. The penalty powered into the top right corner, only for Joe to fly across and claw the ball out! Which lead to the win in the final.

BEST MEMORY OF THE SEASON? OR MOST MEMORABLE GAME?

2-3 down at halftime against South East Athletic and second half turning in one of our best halves of the season. Enzo, Dave, Lewis and Whitnall all bagging that day, but it wasn't just about the attackers the whole team played out of their skin and showed what we were capable of when we are on it.
